Letter No A5-C 464, 48-49 dt 29-4-49 from the Dy Comm, Kolar Dt, requesting for a grant of Rs 583/- to the Malur Town mcpl being half the cost of harnessing the Bore well No I at Malur town during summer 1948-49

1) The Comprehensive scheme for the supply of water to Malur Town at a cost of Rs 1,64,000/- has been referred unofficially to the Chief Engineer for Roads & Buildings and it has not been received yet He has been reminded separately

2) The present proposal is to harness the bore well No I during summer at a cost of Rs 1165 In View of the slender finances of the mcpl, it is requested that half the cost of the estimate amounting to Rs 583/- may be given as a grant

3) In View of the urgency of the matter, it is reported that the Sanit Engineer has been requested to take up the work immediately

4) The financial condition of the Malur Town mcpl for 48-49 is as follows -

opening balance	Rs 1823
Receipts	" 49,757
Total	Rs 51,580
Ex Penditure	" 49,999
Closing balance	Rs 1,581

5) From the above figures it is seen that the ex Penditure is above the income and the closing balance is only very small

To

The Secretary to Government of Mysore,
General Department, Bangalore.

SECRETARIAT No Date 2/5

Subject —

Harnessing the borewell No.1 at Malur town during summer 1948-49.

SIR,

54-8-E

In continuation of my letter dated 19th January 1949 forwarding the comprehensive scheme for the supply of water to Malur Town, I have the honour to state that the water level in Malur Doddakere has further gone down and that there is immediate necessity to augment the water supply from the existing borewell. [redacted] President, Municipal Council, Malur, proposes to harness borewell No.1 immediately as a measure to overcome the scarcity of water. The Sanitary Engineer in Mysore, Bangalore has furnished an estimate for Rs 1165/- for harnessing the borewell and has requested that the cost thereof may be placed at his disposal early. The President has reported that the Municipality is not in a position to meet the entire cost of the work owing to its poor financial position and that therefore Government may be moved to sanction a moiety of the cost from the water supply grants during the current year.

The Sanitary Engineer in his letter dated 9th April 1949 has requested me to state whether the work may be put on hand in anticipation of sanction of half the cost of the estimate by Government. I have returned the estimate to the President, Malur for depositing the Municipal quota of the cost. I have also requested the Sanitary Engineer to take up the work immediately in view of the urgency and stating that Government share of the cost would be placed at his disposal after sanction of Government

In the circumstances, I request you kindly to obtain early sanction of Government for a grant of Rs. 583/- to Malur Municipality

P T O

for harnessing borewell No.1 to augment water supply to Malur Town.

Yours faithfully,

27 4 49

Deputy Commissioner,
Kolar District.
